Describe the 4 largest projects over the last 10 years including values: List current projects currently underway (with your tasks on each job) or planned for the next year including valves -Break out Wrap up work separately: Have you allowed, or will you allow your license to be used by any ☐ Yes ☐ No other contractor for a project on which you have worked? Has any other licensing authority taken any action against you? ☐ Yes □No Have you built or will you build on hillsides, terraces, landfills, or subsidence areas: If "Yes", please explain: Do you use scaffolding? ☐ Yes □ No If "Yes", please explain: Have you been involved, or will you be involved with blasting ☐ Yes ☐ No operations or any other hazardous work activity? If "Yes", please explain: Do you perform synthetic stucco work (EIFS)? ☐ Yes □ No Do any of your subcontractors perform EIFS work? ☐ Yes □ No Have you built/demolished or will you build/demolish buildings or other structures in excess of 4 stories? ☐ Yes ☐ No If "Yes", please explain: Do you perform work above 2 stories in heigh (other than interior remodel)? □ No If "Yes", what percentage? _____ % Please describe: Do you perform work at airports? ☐ Yes If "Yes", what percentage? _____ % Please describe: Do you rent or subcontract any cranes? ☐ Yes ☐ No If "Yes", what percentage? _____ % Please describe: Have you been involved or will you or subcontractors be involved $\ \square$ Yes $\ \square$ No in any removal of asbestos, PCB's, or other hazardous materials?

☐ Yes ☐ No

Removal or work on fuel tanks or pipelines?

Are you a roofing contractor? If "Yes": Hot Tar W Yes No
Torch Down ☐ Yes ☐ No Modified Bitumen (HOT) ☐ Yes ☐ No
Modified Bitumen (COLD) ☐ Yes ☐ No
Hot Air Welding: % ☐ Yes ☐ No Other:
Have you performed or will you or your subcontractors perform any work below grade (basements)? Maximum Depth: Feet % of Operations: %
Have you worked or will you or your employees work under U.S. ☐ Yes ☐ No Longshoremen's and Harbor Workers Act or Jones Maritime Act?
Do you have a formal safety program in place? \square Yes \square No
F YOU ARE INVOLVED IN RESIDENTIAL CONTRACTING PLEASE FILL IN THE REMAINDER OF THE DOCUMENT. IF NOT, LEAVE BLANK
Will any work involve the construction of or involvement with Condominiums or Townhouses ☐ Yes ☐ No If "Yes", is the work new construction? ☐ Yes ☐ No Repair or remodel only? ☐ Yes ☐ No
Will any work involve the construction of or involvement with Apartments ☐ Yes ☐ No If "Yes", is the work new construction? ☐ Yes ☐ No How many units in the ENTIRE project
Repair or remodel only?
Will any work involve the construction of or involvement with new ☐ Yes ☐ No Duplexes, Triplexes, Fourplexes, or Patio Homes?
Have you ever worked in new Duplexes, Triplexes, Fourplexes, or Patio Homes? ☐ Yes ☐ No If "Yes", how long ago? ☐
Will you be working in any new Tracts? ☐ Yes ☐ No If "Yes", maximum number of homes in the ENTIRE Tract:
Have you ever worked in new Condominiums/Townhouses? ☐ Yes ☐ No If "Yes", how long ago?
Have you ever worked in new Apartments?
How many units in the ENTIRE building:
Have you ever worked in new Tract Developments?
Have you or will you ever convert Apartments to Condominiums?
Any unusual exposers/operations not otherwise covered by this questionnaire? — Yes — No — No — No

DEFINITIONS:

EIFS – Exterior Insulation Finishing Systems – multi-layered exterior wall systems (which resemble stucco in appearance) that are used on both commercial buildings and residential homes.

GENERAL CONTRACTOR – A contractor who subcontracts work to others in excess of 50% of total receipts, exercises primary control of the job site, and is named in the construction documents as the general contractor of record.

RESIDENTAL CONTRACTOR – Single or multi-unit, family housing, including apartments, condominiums and townhouses, planned unit developments and tract housing or similar planned communities.

SUBSIDENCE – Any movement of the land or earth including landslides, mudflow, earth sinking, rising and shifting, collapse or movement of fill, earth settling, slipping, falling away, caving in, eroding or tilting and earthquake.

TORCH APPLIED ROOFING (MODIFIED BITUMEN) – This process, which is also called torch welding, involves modified bitumen installing on a roofing deck by means of a torch. A membrane is laid on the roof, heated by a torch and allowed to cool so that the material solidifies in place. The asphalt component in the membrane serves as an adhesive between the surface material and roof substrate

HOT AIR WELDING – Hot Air Welding is a system utilizing a heating source (either electric or propane flame) attached to a hose, which blows hot air onto the membrane.

TRACT HOUSING – Developments where the houses are similar in price, physical characteristics, lot size and square footage; numerous houses of similar complementary design constructed on a given expanse of land, by a single builder.

WRAP-UP (OCIP) – A policy providing coverage(s) for all interests in a major construction project. Also known as an OCIP (Owner Controlled Insurance Program) or a CCIP (Contractor Controlled Insurance Program).

WARRANTY: The purpose of the Supplemental Questionnaire is to assist in the underwriting process. Information contained herein is specifically relied upon in determination of insurability. The undersigned, therefore, warrants that the information contained herein (consisting of five pages) is true and accurate to the best of his knowledge, information and belief. The Supplemental Questionnaire, and the application to which it is appended, shall be the basis of any insurance policy that may be issued and will be part of such policy.
