## About us

One80 Network Solutions is dedicated to growing our partner agencies by removing the barriers that so often occur when building an independent agency. Our purpose remains constant by providing access to carriers, resources and expertise to help agencies reach their full potential while allowing them to remain Independent.

## What we do

Our goal is to provide strong, stable insurance markets to independent agents with access to National and Regional carriers, including Admitted and Excess & Surplus.

We work with your agency to develop a unique plan that allows access to top insurance carriers. We help manage the relationship with the Insurance carrier allowing you to focus on building revenue for your agency.

## Our Relationship with One80 Intermediaries

One80 Network Solutions is part of One80 Intermediaries Inc. Agents who have access to One80 Network Solutions also have access to One80 Intermediaries and Access One80. One80 Intermediaries is a highly focused wholesale brokerage and program manager providing specialized insurance solutions throughout the US and Canada. They have expertise in marine, transportation, property, casualty, financial lines, medical stop loss, personal lines, travel/accident and health, life insurance, and warranty coverage. In addition, they provide in-house binding authority and access to market-leading carriers on both sides of the Atlantic.

Access One80 focuses on “hard to place” business through a simple online process via an agency portal. They have product niches for both Commercial and Personal Lines. Their focus is to make the process of submitting business more efficient through a single portal where you can submit an application, get a quote, and communicate with underwriters.
